

Guard *at* Home

Guard at Home was created to assist the spouses of Missouri Guard and Reserve members who have been activated in defense of our country, and to assist those troops upon their return home.

This pilot program addresses immediate financial needs during deployment. It builds a path to employment for spouses while the primary income earner is on active duty deployment.

Guard at Home will also assist returning troops who need to rebuild their businesses, or whose jobs have been eliminated during deployment.

If you are facing financial difficulty because of deployment, contact your local Missouri Career Center today to find out more about **Guard at Home**.
